## Sports Of A Day

Told By The Farmer's Experts

LIVE BASE  
BALL TIPS

Up Northampton way today.

Let the Larks beware, as this is apt to be their thirteenth victory.

The Speed Baza, as the Boston Americans are called, received a setback back in New York yesterday by losing two games. They had gone on eleven straight victories before they met their Waterloo. Their losses put them back into third place.

Yesterday's meet was the last between Bridgeport and New Britain. The season didn't know it was so near the close.

"Boots" McCarthy lost his first game for Hartford yesterday, since his release from the Boston Nationals.

Manager Fred Lake of the Boston Americans at the beginning of each of his games yesterday sent a Mexican into the box. In the first, Arellanes, and in the second, the latter.

Holyoke has notified Manager O'Rourke to be ready to play two games in the Paper City tomorrow. Manager Jim will need a couple of more pitchers, to finish out the season, as there are a number of postponed contests.

Foreman did not create a very good impression with the fans yesterday. The New Britain sluggers were the boys to try his ability out on.

It will be welcome news to the state fans that "Doc" Reising has at last succeeded in breaking into the big league. It was his own fault that he was not there years ago, but outlay ball placed the ban on him. His efforts to be reinstated have been fruitless all this year, when the black list was raised. He is to get a try out with the Washington Americans.

It was the work of Reising, while pitching for Bristol way back in 1901 which enabled that club to keep the pennant away from Bridgeport.

The following is the Holyoke Telegram's pick up for an All-Connecticut league team:

Catchers — Bridges, Northampton; Arbrogast, Hartford.

First-base — Mason, New Britain.

Second-base — McCormack, Holyoke.

Short-stop — McKinnon, Holyoke.

Third-base — Binkie, Waterbury.

Left-field — S. Binkie, Waterbury.

Center-field — S. Binkie, Waterbury.

Right-field — Maggart, Springfield.

The successes of the Philadelphia Americans is said to be due to the fact that the players, who are all youngsters, work in harmony, take advice from the fans and do not mind the knocks handed out to them through the press.

The Springfield Ponies driven to desperation by the fans, have been getting from the public and the press performed better than they knew how yesterday, winning two games from the Senators. Chic Evans had to take his medicine 10-1.

Wilkesbarre, Aug. 20. — Catching without a mask, Andrew Roskie, a ball player of Plains, was struck on the jaw by a foul tip on Sunday and died yesterday from his injuries. The blow fractured his skull and he never regained consciousness.

TRADES AND SALES  
OF B. B. PLAYERS

A deal was closed yesterday whereby Richard Carroll, pitcher of the Akron team of the Ohio and Pennsylvania leagues, will join the New York Americans September 1. It is said that he was paid for Carroll's rights by the Cardinals at \$2,000.

President Kinsella of the Springfield Three-I League team, yesterday announced the sale of Second Baseman Lynn Bell to the St. Louis National League team for \$2,000.

Pitcher Cliff Curtis, of the Milwaukee American Association baseball team, was sold to the Boston National League club. He will leave for his new berth at once.

Manager Cantillon of the Washington Americans, has added "Doc" Reising of the York Tri-State League to his pitching staff. Reising will report at Detroit today.

Pittsburg fandom is rejoicing in the announcement that Manager Fred Clarke has secured the services of Third Baseman Byrne, who will play with the Pirates for the first time today. Clarke yesterday traded Third Baseman Jap Barbeau and Utility Infielder Allen Stork to Roger Bresnahan of St. Louis for the clever infielder. The deal had been hanging fire for eight months. Barbeau, with Toledo last year, proved the sensation of the American Association. He gave excellent promise early in the season in Pittsburg, but of late his work has fallen away. It is said that his relations with several of the Pirates are such that he could not give the club his best services.

Bill Bernhard, formerly the star twirler of the Cleveland Naps, who is now manager of the Nashville team of the Southern League, it is said, is slated to succeed Larry Lajole as manager of the Naps. Bernhard has had considerable success with the Nashville team. President Killory of the Cleveland team, would neither deny nor confirm the rumor.

John A. Heydler, president of the National League, yesterday approved the following contracts and releases: Contracts — With Boston — Alfred Shaw, Gus Getz, and William A. Rariden. St. Louis — Howard Murphy and J. A. Releigh. Release — By Pittsburg to Wheeling, Central League, R. B. Stand.

Larry McLean, catcher for the Cincinnati Baseball club, whose kneecap was broken several days ago, submitted to an operation in a hospital in Cincinnati yesterday. The physicians say the operation was successful, but that McLean will not be able to play again this season.

The Union typewriter Co. team and its trouble in the Industrial Baseball League of Bridgeport are now a matter of history, as at a special meeting of the league held last evening, the Yosts resignation was accepted, not without the regrets of the managers of the league, that such a proceeding

was necessary. It was conceded that while the withdrawal of the Yost team will probably leave one of the clubs without a game for this Saturday, it was not expected that it would injure the league in any way as it is probable that within another week a new team will make its appearance with the other seven. A committee including Managers Noonan of the Warner Brothers, Ellsworth of Crane No. 1, and Ball of the U. M. C. teams were appointed to look up the matter of a new team. The committee will get busy at once, and will endeavor to have a club ready to play the Warner Brothers to-morrow. The league has but one application filed that of the Holmes & Edwards Co., which was received at the beginning of the year. The Locomobile team has also proposed a desire to come into the organization, but has not filed an application with the secretary. At present the latter are at the head of the list in the Factory league. It is hardly probable that the directors will accept this club in preference to the Holmes & Edwards, as by taking the Locos it will in a way place the Factory league in a rut.

LOOKING FOR  
TEAM TO TAKE  
PLACE OF YOSTS

The Fairfields challenge the Maplewoods for a game Sunday afternoon, Aug. 22nd, in Fairfield. Address John W. Barr, Fairfield, Conn.

To broil tomatoes, cut them in halves, lengthwise, put a small piece of butter, salt and pepper on the cut side of each half, and broil under a gas flame until soft and browned.

Grilled sardines for supper are easily prepared by removing the sardines from the cans and heating them on a spider or the blazer of a chafing dish. Serve hot on crackers.

Mrs. Mary Thaw, Harry's mother, her secretary, Miss Rose and Alice Thaw, the former a blond and the latter a brunette, arrived at Matteawan to-day and have temporarily taken rooms in the home of Justice Sherwood Phillips, near the asylum. Later they will take possession of a home which they have leased.

CHARLIE TAFT HAS TO SWIM FOR LIFE WHEN BOAT CAPSIZES.

(Special from United Press.) Salem, Aug. 20. — When young Charlie Taft yesterday afternoon was taking his customary sail in his little dory when a gust of wind struck the sails of the little boat and over she went, spilling young Taft into the water together with his companion, one of the engineers on the Sylph. The little boat is fitted with air tight compartments that kept her from any danger of sinking and as young Mr. Taft is an expert swimmer he succeeded in getting a hold on the boat, as did the man with him. The accident had also been seen from the Sylph and a boat from the President's yacht, reached the overturned craft before the folks from the Sylph got an opportunity of helping as the rescue of the President's son.

FIRST FRUIT OF  
CRUSADE AGAINST  
DARK VEHICLES

At the last meeting of the Police Commissioners stress was laid upon the failure of the police to apprehend those who drive rubber tired vehicles at night without lights. As a result four arrests were made last night. John Stouffer was fined \$2 with costs for driving a buggy without a light. Stout felt that ignorance of the law should excuse him. He came here in June from Pennsylvania and said that that State had no laws about lighting vehicles, and that he did not understand conditions here. He is employed as a brick mason at the American Tube & Stamping Company.

Peter Gunduski, of Hancock avenue, a very fashionably attired Hungarian, was riding a bicycle on Barnum avenue about 10 o'clock last night, when he was arrested by Officer Ramsey. He was fined \$2.

Andrew Mucci, a horse dealer of 254 Hallam street, thought he was only half guilty as two wheels of his rig were without rubber tires. He was fined \$1 and costs.

John Lundy was arrested for riding a bicycle without a lantern, but was discharged by Supt. Birmingham as he had a lantern and had just dismounted to fix it when the policeman arrested him.

Judge Wilder declared that hereafter the fines would be increased each day that he sat upon the bench. "The statute was created for the protection of the public and must be enforced."

REFUSE LAKEVIEW TROUGH, POOR  
ILL AND BADLY HOUSED

Investigator Alexander Morrissey of the Charities Department ran across a case of a couple living in filth and squalor at 288 Church street. John Mahaley and his wife Katie live in a basement and both are ill and without anyone to care for them. Mr. Morrissey tried to persuade them to go to Lakeview Home where they would receive proper attention, but they refused.

BOSS FINED FOR TAKING SOLDIER  
TO BE NEAR THE ASYLUM

James Nagle of New Haven, was sent to this city by the New Haven railroad company to do some plumbing at the local station, and took along a helper, Walter Wilcox, of West Haven. When the job was finished about 25 pounds of solder were left and Wilcox was told by his boss to go and pawn it. The pair were arrested and this morning Judge Wilder fined Nagle \$5 and costs and allowed Wilcox to go.

THAW'S ARRIVE AT MATTEAWAN,  
TO BE NEAR THE ASYLUM

(Special from United Press.) Poughkeepsie, Aug. 20. — The report that Harry K. Thaw had changed attorneys again is not borne out by a statement made here today. Attorney Charles Morschauer who represented Thaw at the White Plains trial was said to have been dismissed by the lawyer of Standard White. This statement was caused by the fact that Attorney James G. Meyers called on Thaw yesterday at the prisoner's request. It developed that Thaw is willing to compel the United States post office officials to deliver his mail to his outside representatives instead of putting it in the hospital mail when it undergoes the scrutiny of the authorities of the institution. Mr. Meyers is acting in this case for Morschauer who is in the mountains on his vacation.

Mrs. Mary Thaw, Harry's mother, her secretary, Miss Rose and Alice Thaw, the former a blond and the latter a brunette, arrived at Matteawan to-day and have temporarily taken rooms in the home of Justice Sherwood Phillips, near the asylum. Later they will take possession of a home which they have leased.

J. S. WOOSTER & CO. Main St. & Barnum Ave. East Bridgeport

## ESTATES IN PROBATE COURT

It appears by the appointment to probate Judge Nobbs yesterday that the late Charles A. Hotchkiss, son of the inventor of the celebrated Hotchkiss gun, and formerly one of Bridgeport's foremost manufacturers, died intestate. Judge Nobbs appointed Edward L. Hotchkiss, a son of the deceased, administrator and Amos W. Huntington, William B. C. and Leslie E. Warner appraisers.

of this city was admitted to probate this morning. Sarah A. Plumb, the widow, qualifying as administratrix, and John Brothwell and Roswell Brothwell as appraisers. The testator bequeathed to his wife all of his property with the exception of a duly over five acres of land in Greenwich, known as "Spruce Swamp," which he bequeathed to his daughter, Mrs. W. C. Plumb.

The estate of Patrick J. Cullinan, admitted to probate yesterday, was appraised by John J. Cullinan, O'Rourke and John J. Cullinan, appraisers. An inventory of the estate of the late Daniel O'Connell returned to probate today shows \$2,000 in real estate and \$10,750 in personal property. The County Commissioners are preparing to issue \$10,000 of refunding bonds authorized by the legislature. The bonds bear interest at 4 per cent and run for 30 years, maturing August 1st, 1939.

BAILEY & AUSTIN IN "THE TOP O' TH' WORLD"

Musical Comedy at Jackson's Theatre Tonight
